The exam will be 5-7 PM on Friday, February 23. (as stated in the syllabus)

FAQ:

1. What will be format be for the exam? We'll use coderunner. Students will need to bring their laptop to the exam.
2. What if a student doesn't have a laptop? We will arrange to have a computer lab available. They need to email you asap that they need to take the exam in the lab
3. How will accommodations exams be handled? Accommodations students should email their instructor asap.
4. What can students bring to the exam? Any notes or assignments that they have produced this semester. They can access anything already on their computer, but the internet is off limits.
5. Will there be review questions posted? Yes, this week.
6. Will there be an in-class review? No, but we can use next week's recitation for review. Lecture will be optional on 2/23 for last-minute questions.
